# Selecting presets in the unit itself

It is possible to select stored presets in the DSP unit, directly from the AVIATOR 115 A amplifier. To do this, follow the following steps:

1. Connect the system to the mains and put the switch button in ON position.

2. Move the preset selector to select the desired preset.

The factory presets included are the following:

- Preset nº1: MUSIC; ideal for playing live music.

- Preset nº2: VOCAL; specific for voice.

- Preset nº3: DJ; ideal for playing recorded music.

- Preset nº4: to combine AVIATOR 115 A with AVIATOR S 115 A.

- Preset nº5: to combine AVIATOR 115 A with AVIATOR S 118 A.
